

Draft Agenda
Columbia River Cold Water Refugia Workshop
June 1st 9:30 – 3:30

Mt St Helens Conference Room
NOAA Fisheries
1201 NE Lloyd Boulevard, Suite 1100
Portland, OR 97232
Check in on 11th Floor

The purpose of this workshop is for EPA provide a summary of scientific information it has assembled regarding salmon and steelhead use of cold water refugia in the Columbia River, to solicit feedback, and to discuss key questions among the workshop participants to advance our collective understanding of the role that CWR serves to support salmon and steelhead populations. Information gathered at this workshop and through ongoing collaboration with workshop participants and others will help EPA draft elements of the Columbia River CWR Plan, including a judgement on the extent of CWR in the Columbia River that is necessary to meet Oregon's CWR narrative water quality standard.

- 9:30** Welcome and Introductions – Nancy Schifferdecker
- 9:45** Project Overview – Dru Keenan and Joe Ebersol
- 10:00** Steelhead Presentation – John Palmer
- 10:15** Steelhead Discussion – All
(5 min break approximately 11AM)
- 11:45** Chinook Presentation – John Palmer
- Noon** Lunch (Lunch will be pre-ordered and delivered to room)
- 12:30** Chinook Discussion – All
- 1:30** Sockeye Presentation – John Palmer
- 1:45** Sockeye Discussion – All
- 2:45** Wrap up – All
- 3:00** Adjourn

Workshop Participants

NOAA – Ritchie Graves, Blane Bellerud, Anne Mullan, and Bill Hevlin, Aimee Fullerton

USACE – Mike Langeslay

USGS – Pat Connolly and Jason Dunham

U of I – Matt Keefer

OSU – Carl Schreck

ODFW – Erick Van Dyke

WDFW – Dan Rawding

CRITFC - Jeff Fryer (tentative)

LCREP – Catherine Corbett

Fish Passage Center – Margaret Filardo

NWPCC – Lynn Palensky

ODEQ – Debra Sturdevant

WDOE – Chad Brown

NOAA Coordinator – Nancy Schifferdecker

EPA – John Palmer, Dru Keenan, Joe Ebersol, Marylou Soscia, Rochelle Labiosa, Gretchen Hayslip, Jonnel Deacon, Jenny Wu, Christine Psyk
